

TK-42

**Advantage
Machinery**™

Semi-Automatic Three Knife Trimmer Machine

The TK-42 is a hand fed three knife trimmer that is easy and safe to operate. The machine has a guide system where the book blocks are placed. A pusher system transports the book blocks to the cutting area where the three sides of the book are cut. The trim book is delivered in the rear of the machine through a conveyor. The machine has quick change over times and is efficiently operated by one person.
